I. ABOUT ATLANTA CV

The Atlanta CV Drum & Bugle Corps is an open class drum and bugle corps participating in Drum Corps Associates (DCA) from the state of Georgia. Atlanta CV performs under our parent 501(c)3 not for profit organization, CorpsVets, Inc. The corps is a musical performance organization which consists of members playing brass and percussion instruments and spinning flags, rifles and sabers to superb achievement levels with high energy, excitement, and entertainment. The performance and competitive season take place during the summer months where we will perform at several drum and bugle corps competitions culminating at the DCI Championships held at Lucas Oil Stadium in August. The 2025 season will mark our 28th year of continuous, competitive operation.

The recent demographics of the corps include members from ages 14 to 48. Occupations range from high school and college students to lawyers, band directors, engineers, scientists and medical professionals. Primary membership is from the immediate Atlanta area, but because of the corps' great reputation for excellence we also draw members from all over the country including the states of Alabama, Tennessee, Florida, Kentucky, North Carolina, South Carolina, Louisiana, Texas and Mississippi.

In the past 8 seasons, Atlanta CV has excitedly welcomed a new era of highlights with the best competitive and innovative stretch in its history.

- Pens, sharpened or mechanical pencils, sharpies, highlighters – Have a pencil with you at all times. Notes will be taken at every rehearsal and at all meetings. Write down everything!
- Gloves – Cotton gloves are required for all corps owned horns, types with grips are okay. Leather or other materials are not permitted.

- Equipment – Corps-owned equipment will be available, though we strongly recommend you bring your own for rehearsal and audition, as we are limited in the number of corps-owned equipment.
- While some meals, on certain days during the summer will be provided by CV; rehearsal weekend meals are not provided by CV. Please, always read over the information for each weekend, so you know what to expect.

If you have any additional questions, please contact your section leader/section staff member. Our BandApp, social media, and info@atlantacv.org are great places to have questions answered quickly.

III. REHEARSAL/COMPETITION ATTENDANCE

We do expect everyone to attend all rehearsals and **ALL** competitions. However, we understand that conflicts can arise and pre-arranged events that deal with school. We ask for transparency with your schedule as we are providing the same to you. You can request a “Band Director Conflict Letter” for those in high school or college that will include a copy of our season schedule. This form can be signed by your band director, you and your parent(s) and returned and will be included in your membership folder. This will help keep conflicts at a minimum between the corps and your school.

NON-COMMUNICATION IS UNACCEPTABLE!

The full season schedule will be released before the audition weekend, so you will know every date you are expected to be with Atlanta CV. Please look it over completely before signing a contract. It is imperative that you communicate with your section staff and CV administration on any conflicts you may have, ASAP. The schedule will be updated periodically and posted in BandApp, on the website, and on social media platforms.

NOTE: If you are in school during the Championship Dates (*August 8th through August 10th, 2024*) please start to communicate as soon as possible to any school administration and band directors to get approval for this time with Atlanta CV. Many teachers and band directors are understanding so long as you are a good, responsible student, a plan can be worked out that helps keep your commitment to both Atlanta CV and school/band/work, etc.

If you will miss any or all weekend, you must contact your caption head, section instructor, section leader and administration as soon as you know of the conflict. See contact information below.

IV. LOGISTICS

You are responsible for your own travel to and from rehearsal weekends as well as any local shows. Many of our members carpool together. Social media is the best place to communicate if carpooling is something you are interested in pursuing.

RSVPs are DUE by the date listed in the RSVP description. Staff and administration need to know these details for rehearsal facilities, music, administration items, and many more details...all to provide an experience of the highest quality!

We will request each and every member to RSVP for each camp weekend. You will receive communication about the weekend schedule prior to each camp, and will need to notify the administration, the caption head, section staff member, section leader, as well as to info@atlantacv.org in the event of any conflicts.

V. FINANCIAL INFORMATION

Yes, there is a cost to audition and to be a member of this organization. While we only ask you to pay a small part of what the total cost is to run the organization, your part is vital and a mandatory commitment that you agree to when you accept a spot with Atlanta CV.

We also expect you to follow the payment schedule and communicate with administration. More detailed information will be provided regarding tuition cost when you audition. We will have a parent meeting after registration to go over all the details.

Fees:

All fees will be clearly communicated out in the *Member Contract and the Member Tuition and Fees document*.

- There is a **one-time** audition fee for 2025:
 - o \$100.00 - This fee **will count** towards Membership Tuition if contracted with ACV in 2025

Fees may be paid via check, cash, Venmo, PayPal or via the CV store at: www.atlantacv.org/shop

Atlanta CV Brass Fundamentals

Fundamentals are the most important thing we do as a Hornline. Not only does it provide us with the skill set to perform our production at a high quality, but it also serves to develop you as a brass musician outside of your drum corps experience. Although there are many exercises contained within- we will not play all of them during the course of a rehearsal, or even over the course of the season. Think of this as a reference manual, from which we will be performing exercises to develop you as individuals and as a team.

In preparation for your audition, please be somewhat familiar with the overall layout of the manual. We will be going over each exercise during our first few weekends, but it never hurts to come prepared. You will find your individual audition material at the back of the fundamental portion. We look forward to seeing what you can do.

Breathing:

Breathing is arguably the most important part of our fundamental program. Without energy (air), we can not produce sound.

In the medium of drum corps, committing to a good breath not only allows us to play with a full relaxed sound, but also provides our muscles the oxygen necessary to be the best athletes we can be as well. Because of this, as brass players we must always strive to take the fullest breath possible- no matter the dynamic. Even if you do not use all of that air to play a phrase- your muscles will.

No matter the tempo- **always think of your air moving in one motion**. It never stops- it is either going in or out. During our fundamental exercises, we will always default to a “one count breath”. Not only does this ensure timing, but will act as overtraining at higher tempos. With that being said, in the context of show music, we will always opt to allow for the longest, most relaxed breath possible. In general:

Tempo < 140bpm : One Count Breath

Tempo > 140bpm: Two Count Breath

Machine Breath:

(1 Count Inhale -> 2 Count Exhale -> 1 Count Inhale) if tempo <140bpm

(1 Count Inhale -> 1 Count Exhale -> 2 Count Inhale) if tempo >140bpm

We will start most of our exercises with a “machine breath”. We will also use it during exercises where there are 4 count rests between phrases.

Air and the Brass Instrument:

A good attack is not just a result of the tongue, but in fact caused by the immediacy of sound that comes from exhaling air into the instrument at the correct speed and volume right away. To release a long note- a reversal of that air is required. In the simplest terms- open up and breathe in.

Changing the pitch of a brass instrument in the simplest of terms:

Faster Air -> Higher Notes

Slower Air -> Lower Notes

Changing the volume of a brass instrument in the simplest terms:

More Air -> Louder

Less Air-> Softer

Vowel Shape/Articulation:

At Atlanta CV, we use a “**Oh**” vowel shape when singing/buzzing/and playing our instruments. Not only does this help us all achieve the sound we want, but it also goes a long way towards projecting with resonance in a football stadium.

Can you be too open?

Yes

Ultimately, we want our oral posture to be as tall and open as we can without sacrificing efficiency. The exact shape of the mouth will be determined by the instrument you play and your own anatomy.

In regards to tonguing, we want to use a “soft” tongue, or “dOh” syllable as opposed to “tOh” with as light of a tongue as possible (think one taste bud). This allows us to start notes securely, while minimizing the chances of a “thuddy” or “splatty” start to the note.

Your individual audition will consist of:

- The etude above
- 3 note lip slur performed while marching a double box drill (next page)
- A range test, regardless of your choice of part. This will consist of a C/Bb scale at fortissimo as high and as low as you can go.

Throughout the audition weekend, you will also be evaluated on your rehearsal etiquette, level of preparedness, and your ability to take and apply feedback.

We look forward to hearing you play for us!
